

1 05 million mAh outdoor power supply

How many devices can a powerbank charge?

One-of-a-Kind PowerBank - MORE POWER CAPACITY! This power unit has a 20,000 mAh power capacity! That's the power capacity of a small car battery. The PowerBank easily charges up to three devices at once (with two USB ports & one USB-C port) or a single device like a standard cell phone up to four times before needing a recharge.

How many devices can a solar powerbank charge?

A powerful Wireless Solar PowerBank Charger & LED Bank Room Light. With 20,000 mAh power, recharge up to 3 devices at once. LED light lasts up to 72 hours.

What devices can be powered by our power supply?

Note: Our power supply can only power electronic devices up to 100W, applicable for Recharge your Laptop, Drone, Camera Battery, Gamepad Nintendo Switch etc via AC, DC, or USB-C. Besides, other electronic devices are not suitable for our power supply.

What is a Ugreen 25000 mAh battery & power bank?

The Ugreen 25000mAh Portable Charger/Power Bank is built to provide maximum power in an ultra-portable, pocketable design. The capacity is just shy of some of the beefiest banks we tested this year, but not by much.

What is the largest capacity portable charger?

The largest capacity portable charger we tested this year is the all-new M150 Portable Power Station from Duracell. It offers a beefy 25,000mAh (or 150-watt) battery, along with more ports than any other in this year's roundup.

How long does it take to recharge the power bank from a wall outlet?

Given its compact size, our team was pleasantly surprised at the generous battery capacity of this portable charger. With a compatible 65W PD charger, this power bank can also fully recharge from a wall outlet in only two hours.
