

Huawei Malaysia Penang Inverter

Will Huawei Malaysia supply solar inverters to SunView?

The partnership, formalised through a Memorandum of Understanding (MoU), will see Huawei Malaysia supplying solar inverters to Sunview. By integrating Huawei's cutting-edge smart PV solutions, users will be able to receive better and higher yields at lower costs, delivered at an optimum value.

Which inverter brands are available in Malaysia?

The medium range inverter brands available in Malaysia are Huawei and Sungrow. Unsurprisingly, these two brands dominate the world market share for inverter shipment -- 26.4% for Huawei and 16.7% for Sungrow. Their affordable price point and dependable performance makes it a popular choice for most users.

How will Huawei's solar inverters help us achieve zero-carbon goals?

"Looking ahead, the incorporation of Huawei's solar inverters will help strengthen the solar energy solution experience, allowing us to use innovative technologies to progress towards creating a self-generating energy environment and meeting the zero-carbon mission goal," he added.

How will Huawei's smart PV solutions benefit SunView?

By integrating Huawei's cutting-edge smart PV solutions, users will be able to receive better and higher yields at lower costs, delivered at an optimum value. Under the MoU, Sunview will become the purchaser of the inverters and turnkey solutions for large-scale solar projects.

How many solar inverters did Huawei produce in 2023?

"In 2023, Huawei delivered 145 gigawatts (GW) of solar inverters globally, cumulatively achieving 445GW and generating 1,110.6 billion kilowatt-hours (kWh) of electricity, equivalent to the planting of 755 million trees.

Who is solarvest & Huawei Malaysia?

Solarvest will take the lead as the Clean Energy Developer, responsible for the development and EPCC (Engineering, Procurement, Construction, & Commissioning) of renewable energy projects, while Huawei Malaysia will lend its technology and expertise to support the success of these projects.
