

# Is the EU outdoor power supply waterproof

What is the new EU Regulation on external power supplies?

A new EU Regulation on external power supplies aimed at making a range of household appliances more energy efficient - from laptops to electric toothbrushes - enters into force as of 1 April 2020 within the context of EU ecodesign measures.

Can external power supplies be tested under Regulation (EU)2019/1782?

Products containing external power supplies (e.g. USB sockets) which would need to be extracted from the main product and rewired for testing, cannot be tested under Regulation (EU)2019/1782, as there are no standards or methodologies describing such operation. In such situation the Regulation cannot be enforced.

Are external power supplies a legal requirement?

In 2020 it was finally scrapped and in its place the EU introduced the new Ecodesign 2019/1782 requirements for external power supplies, which is a legal requirement, not a voluntary one.

Are energy savings possible for external power supplies?

The possible energy savings for household and office equipment and external power supplies is huge. The EU evaluated the existing regulations and concluded that an update was necessary. In October 2019 the EU published a new Regulation (EU) 2019/1782 for external power supplies (EPS). It will replace Regulation (EC) 278/2009 on 1 April 2020.

What is the new EPs regulation for external power supplies?

In October 2019 the EU published a new Regulation (EU) 2019/1782 for external power supplies (EPS). It will replace Regulation (EC) 278/2009 on 1 April 2020. The main change in comparison to the previous EPS regulation is the addition of external power supplies with multiple (output) voltages.

Are external power supplies efficient?

The efficiency of external power supplies (EPS) has been a concern of power supply manufacturers and OEM's since California mandated the first efficiency requirements in 2004.

With IP67 waterproof and dustproof protection, 10G anti-vibration capability, a fanless design, and an aluminum extruded case for conduction cooling, the power supply series is suitable for use with a variety of outdoor ...
