

Luxembourg Solar Tiles

Are photovoltaics redefining the energy future of Luxembourg households?

We are redefining the energy future of Luxembourg households, offering the most advanced technologies and efficient solutions in the field of renewable energy. Photovoltaics represent savings, ecology, and an investment in your and your family's future.

What is a solar roof tile?

The solar roof tile - for a modern roof that protects, generates electricity and impresses with its simple elegance. Meyer Burger Tile combines high-quality aesthetics with innovative solar energy. Invisibly integrated, the technology remains concealed while the roof shines in perfect beauty.

Are real roof tiles a good choice for a solar system?

Today, the EU-funded TilePlus project is developing the first solar system made of real roof tiles. These tiles have the same size, shape, and appearance as normal roof tiles. In contrast to standard solar panels or tiles, these are easier to install, more reliable and safer (<120 V operations versus 400 V).

What is a combined solar roof tile and a battery solution?

The combined solar roof tiles and a battery solution offers an easy-to-use monitoring system so you can track your solar roof system's performance, monitor the amount of energy it stores and how much you're saving on your energy bill.

Can a solar roof be integrated with a planum tile?

Our Solar tile combines perfectly with our Planum ceramic tile, so the system will be fully integrated with the roof. Planum Solar tiles are made from premium mono crystalline cells and the glass technology that surrounds them is very sturdy and durable in extreme weather conditions.

Who is solarcells?

SolarCells is the first producer of photovoltaic panels in Luxembourg, located in Hollerich. We manufacture high-quality panels using European components, certified with IEC standards, offering yields exceeding 400 Wc.

Modern solar roofs - combine aesthetics and energy efficiency. Produce your own electricity, reduce your bills and use renewable energy thanks to innovative solar solutions!

1 \$21.85 per square foot is the price of a Solar Roof derived using similar methodology, roof size, and energy costs described in Consumer Reports' research. This price does not reflect any solar incentives. The price was calculated for a roof where 35 percent of the tiles are solar (solar tiles cost more per square foot than non-solar tiles), in order to generate \$53,500 worth of electricity ...

Luxembourg Solar Tiles
