What are the best power banks for camping?

After extensive testing in the wilderness, we've identified the best power banks for camping as listed below. The Anker Powercore III Elite is a top all-around performer and winner of our editor's choice award. Tuck this compact, lightweight portable charger into your backpack, and you'll forget it's there until you need it.

Do you need a power bank if you're camping off-grid?

Heading out for a day trip or camping off-grid is a great way to reconnect with nature - but there's always the chance you'll need a device for navigation, checking nearby amenities or keeping in touch with the rest of your group. Luckily, a power bank can help you keep your devices topped up for just such occasions.

How to choose a portable power station for camping?

For camping, you'll want a portable power station that doesn't add too much weight to your gear. If you are spending a long time in the great outdoors, you should prioritize the capacity so your devices can last the trip. If you are doing a shorter trip or a day hike, you will want to consider the size and packability factor of the power bank.

Do you need a rechargeable power bank for camping?

Having your own rechargeable power bank for your camping adventures gives you the freedom to camp anywhere, safe in the knowledge that your phone, camera, headlamp, GPS, or other electrical devices will have enough battery life when you need to use them.

How do camping power banks work?

Camping power banks can be charged via electricity, solar power, or both. Portable solar panels will allow you to stay off the grid for longer. However, a solar setup will cost more money than a standard battery bank since you'll also be paying for the solar panels.

What are the best uses for a power bank?

One of the best uses for a power bank is as a power source while camping, hiking, or other outdoor adventures. If this is the primary scenario where you'll use your new power bank, we recommend checking out the Hiluckey 27,000mAh Power Bank.
