

Outdoor power bank rechargeable camping

Do you need a rechargeable power bank for camping?

Having your own rechargeable power bank for your camping adventures gives you the freedom to camp anywhere, safe in the knowledge that your phone, camera, headlamp, GPS, or other electrical devices will have enough battery life when you need to use them.

What are the best power banks for camping?

After extensive testing in the wilderness, we've identified the best power banks for camping as listed below. The Anker Powercore III Elite is a top all-around performer and winner of our editor's choice award. Tuck this compact, lightweight portable charger into your backpack, and you'll forget it's there until you need it.

How do camping power banks work?

Camping power banks can be charged via electricity, solar power, or both. Portable solar panels will allow you to stay off the grid for longer. However, a solar setup will cost more money than a standard battery bank since you'll also be paying for the solar panels.

Do you need a waterproof power bank for camping?

For camping in damp or humid conditions, or on expeditions, you might need a waterproof and rugged power bank. Look for a product with a certified IP rating, such as IPX6 or IP67, to ensure it can cope with moisture or immersion as well as bumps and knocks.

What is the cheapest power bank for backpacking?

The cheapest power bank we have found for backpacking, the Miady is sold as a two-pack. During our tests, its overall performance was not as strong as some of the other battery packs we looked at, but it's hard to beat its price point.

What is the best portable power pack for camping?

One of the most innovative bits of outdoor kit we've seen recently is The Charge AnyWay from GP Batteries. It's a 2-in-1 battery charger and power bank that comes with 4 x RecyKo+rechargeable AA batteries. If you're camping, keep it warm by wrapping it in your clothes or even in your sleeping bag.
