

Riyadh high power energy storage equipment manufacturer

What is hithium doing in Saudi Arabia?

The joint venture also plans to establish BESS (Battery Energy Storage System) manufacturing facilities in Saudi Arabia, targeting an annual production capacity of 5GWh. During the exhibition, Hithium delivered onsite a speech and unveiled the first time its latest cutting-edge innovation: energy storage solutions dedicated to desert applications.

What power supply offers in Riyadh Jeddah (KSA)?

Offers for power Supply in Riyadh, Jeddah, Khobar (KSA). Corsair Gaming Series GS800 power supply. 800 Watts. (CMPSU-800G). 80Plus certified. High level of performance for SLI or CrossFire gaming PC. Warranty 1 year. Corsair Gaming Series GS700 power supply. 700 Watts.

What is the Saudi energy storage Expo 2025?

This event aims to help exhibitors further expand their brand influence, enhance their visibility, and open wider business channels in the Saudi energy storage market. From May 4 to 6, 2025, the Saudi Energy Storage Expo will be held with great fanfare at the Riyadh International Exhibition Center.

How many energy storage projects are there in the Middle East?

Energy storage projects in the Middle East have seen significant growth in recent years. According to the report of the Arabian Petroleum Investment Company (APICORP), the number of energy storage projects planned for construction in the region between 2021 and 2025 is around 30, with a total capacity of up to 653 MW and 3,382 MWh.

How many mw / 8000 MWh are there in Saudi Arabia?

The Combined Capacity of the Projects is 2,000 MW/8000 MWh and will be located across Saudi Arabia. Following are the project locations: Earlier, during December 2024, SPPC announces the list of Qualified bidders. (read more) At present, SPPC sets the bid submission date as 02 June 2025.

What is hithium's new energy storage system?

During the exhibition, Hithium delivered onsite a speech and unveiled the first time its latest cutting-edge innovation: energy storage solutions dedicated to desert applications. These systems feature advanced sandstorm protection and robust high and low-temperature designs, supporting ultra-long discharge cycles of 12+ hours.

Saudi Racks | we offer a wide range of warehouse pallet racking and storage shelves in Saudi Arabia. racks supplier in Saudi Arabia racks manufacturer in Saudi Arabia warehouse racking Saudi Arabia +966540669377 sales@saudi-racks

Riyadh high power energy storage equipment manufacturer

Modular system for end-of-line testing of battery systems including BMS controller. Test of cell behaviour and BMS functionality. Power supply, safety technology and components such as insulation monitors and measuring devices, voltage and current measuring components are housed and wired separately from the application module in the test system cabinet.

Our goal is not only to provide battery storage solutions across mainstream industry sectors, but to provide world class support and service for the range of products that we will supply.
